

“I needed
a sign from
God.”

CHRISSEY MORGAN

Fifteen years ago my dad died suddenly from a brain aneurysm. His death hit me like a ton of bricks. I had to come to terms with a couple realizations: my dad was gone and he was never coming back....this could happen to me....tomorrow was not guaranteed and did I have everything settled in my heart with God?

Six months after my dad passed away I was taking a shower and my heart was broken. I couldn't stop crying. I told God if He wanted me to come back to church He had to give me a sign because I was too weak and didn't know how to come back to church. After I got out of the shower the phone rang. It was my brother-in-law who called out of the blue and said, "Chrissy, there is a church down the street from you, it's called Bonhomme and they have a program called Alpha. I signed you and Jeff up. You are to call a lady by the name of Suzy Gaeddert and she will take care of you". My heart stopped, I couldn't believe I had just called out and God had heard me at my weakest hour and He reached out to me so quickly.

Jeff and I went to Bonhomme and took Alpha and it completely changed our lives. It was a safe place to ask questions I had always wanted to ask but never felt comfortable asking. It was also great fellowship, the people at Bonhomme were so nice and our small group was amazing.

Alpha changed my life. I know the majesty of God and His undying love for us on a much deeper level. I understand why Jesus sacrificed Himself on the cross for each of us so that we live in eternity with Him and I am blessed by Holy Spirit residing in me, who is my compass and my guide. It's simple: Alpha changed my life...forever.
