

## **CONTEMPORARY WORSHIP AUDIO MIXING ENGINEER**

This part-time position is responsible for comprehensive mixing of our Sunday Morning Contemporary Worship Service. Hours will be from 8:00 am to 12:30 pm on Sundays.

### **ESSENTIAL JOB RESPONSIBILITIES**

- Operation and Mixing
  - Manage and operate Front of House and/or monitor consoles in Steffen Hall on the Bonhomme campus
  - Coordinate and/or lead set-up and strike band and musician gear for Sunday Worship.
  - Understand and maintain desired sound levels and mixes
- Training and Maintenance
  - Empower and train volunteers to operate audio consoles and equipment
  - Set the standard of excellence for set-up on Sunday Mornings
- Three years of sound and/or production engineering (or equivalent combination of training/experience)
- Ability to reach and maintain desired live audio mix in a short amount of time
- Must have experience working with musicians
- Extensive knowledge and experience in a range of musical styles
- Working knowledge of stage and console patching
- Experience in troubleshooting and on-the-spot problem solving to seek fast solutions

**All qualified individuals must meet the above job-specific requirements, in addition to the following requirements for all staff members of Bonhomme:**

- Be passionate about Bonhomme and have a relationship with God
- Regard the Bible as God's final authority in all areas of Christian life and desire to be wholly obedient to it
- Live a lifestyle consistent with scriptural principles
